

iSlotsPlus

There's a hidden easter egg in this version. See screenshots for a hint on what it is...Introducing iSlots+. The original and only iSlots is back, bigger and better. With newly designed graphics and sounds and YES the winner's ticker is back. Show everyone how much of a high roller you really are and have you game up in lights for ALL to see. If you loved the original free iSlots, you'll love iSlots+. Features include:- newly designed graphics and sounds

- top 5 winners ticker

- global highest credits

- pull the handle, YES really, go ahead and pull the handleNow you can play a Vegas slot machine anywhere and anytime. Dazzling graphics and sound effects make you feel you're playing the real thing and without the loss of your hard earned money. See how lucky you really are and win the jackpot. Credits are saved between games so you can play when suits you and really rack up those credits. See my other games: Solitaire Top 3 (iSolitaire), GridLocked, Bingo, iFirewirks, StackIt

User's Comments: "Nice slots game with a good feel This game is exactly what you would expect from a slot machine. It even has polish that makes it look very good. If you like playing slots and want to test your slot playing ability, check this game out!"

"good slots gamelt's very clean and the sound effects are great. Good graphics and never crashes. Starts up quick, and is great for pick up and play. I would like local high score support, but otherwise the game is exactly as advertised. If you like slots, bon't hesitate ot pick this up for a dollar."
