

## Gold Keeper

Gold Keeper is a small but dynamic and funny game. Here you can find cynical humor as well as non-stop gameplay and perfect 3D-graphics. This game is a perfect time-killer for the small sessions!your character is a demon, who lives in a cave and defends his treasures, which he has been building up for years.

Your enemies are avid vilagers from the settlement lying nearby.

Their aim is to steal your gold and to kill you. Your aim is to rebuff the insolent robbers using all means including the hammer and the hatchet. There is a sign near the entrance to your cave, saying " Violators will be killed! Survivors will be killed again!" And nobody can say that he wasn't advised!

Features: - Perfect 3D-graphics and animation

- Merry voiceovers

- Non-stop gameplay which never bores and keeps you deeply in the game

- Online leaderboard

- Three weapon types, each with its own animation and sound The game is recommended to all fans of the survival action genre.

User's Comments: "a fun time (and human) killer!its a fun game, I'm happy with my purchase. I just love smacking the helpless humans into the iPod screen, and watching them slowly slide off, its priceless, really." "Yup A+Good stuff.

Already consumed an hour of my night. Which is a good thing. Can't wait for some updates. Love the enemies cracking the screen effect. Keep up the good work"
